## Elbit Systems Awarded \$20 Million in Contracts to Upgrade Hermes 900 UAS of Latin American Customers

**Haifa, Israel, April 12, 2020 – Elbit Systems Ltd. (NASDAQ: ESLT, TASE: ESLT)** (“Elbit Systems” or the “Company”) announced today that it was awarded two contracts valued at a total of approximately \$20 million from Latin American customers to upgrade the capabilities of their Hermes™ 900 Unmanned Aircraft Systems (UAS). Both contracts will be performed within a 12-month period.

Under the contracts, the Company will integrate satellite communication systems and automatic takeoff and landing systems into the Hermes 900 UAS that the customers are already operating. This upgrade will advance these Medium Altitude Long Endurance (MALE) UAS to the latest configuration, enabling extension of the operational range to more than 1000km and performing the takeoff and landing autonomously and independent of GPS reception.

Since its debut 10 years ago, the Hermes 900 UAS was selected by numerous customers across four continents, performing a wide range of missions in the fields of Intelligence Surveillance Target Acquisition and Reconnaissance (ISTAR), homeland security and maritime search and rescue.

This press release may contain forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended and the Israeli Securities Law, 1968) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current facts. Forward-looking statements are based on management’s current expectations, estimates, projections and assumptions about future events. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions about the Company, which are difficult to predict, including projections of the Company’s future financial results, its anticipated growth strategies and anticipated trends in its business. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; changes in global health and

macro-economic conditions; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; changes in the competitive environment; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. Although the Company believes the expectations reflected in the forward-looking statements contained herein are reasonable, it cannot guarantee future results, level of activity, performance or achievements. Moreover, neither the Company nor any other person assumes responsibility for the accuracy and completeness of any of these forward-looking statements. The Company does not undertake to update its forward-looking statements.
